Symbol:

The symbol for the NSS has been based on the gain Rath Wheel of the world famous Konark Sun temple (The Black Pagoda) situated in Orissa in India. The wheel portrays the cycle of creation, preservation and release and signifies the movement in life across time and space. The symbol thus stands for continuity as well as change and implies the continuous striving of NSS for social change.

Organization:

Most of Government and Government aided institutions both schools and colleges has NSS units composing volunteers. Even the private institutions are encouraged to have NSS volunteers. A unit may typically count from 20 to 40 students. They are managed internally by a responsibility from school or colleges who reports to the regional NSS coordinator. Most of the institutions do not incorporate a separate uniform for NSS though it can be.
