**ABOUT SHORT-TERM TRAINING PROGRAM**

Cell culture technology has become an indispensable part of molecular biology and biomedical research. Its applications range from cancer research, toxicology, drug discovery and screening, virology, genetic engineering to name a few. With the advent of growing career options in biomedical and pharmaceutical sector in collaboration with academia, a formal training in this area is necessary for the faculties.

The training programme aims at imparting hands-on training in animal cell culture-based assays to help the young faculties in practicals and research work. The programme is emphasized on virtual practical training along with theoretical lectures on cell culture and cancer biology by eminent scientists in the country.

This program is designed to equip the faculties with the requisite scientific competency to understand and address the aspects related to cell culture in the process of pharmacokinetic profiling alternative to animal experimentation.

Proposed short term training program will cater to the interdisciplinary needs of both the pharma and technical professionals who wish to indulge in acquiring knowledge and skill sets for utilizing enzyme, cell and tissue culture-based assays as a tool to study pharmacokinetics, drug design and development.

**TARGET AUDIENCE**

Faculty from Pharmaceutics, Pharmaceutical Chemistry, Quality Assurance, Pharmacology, Pharmaceutical Analysis and Pharmacognosy.

**OBJECTIVES**

To meet the demand of cell culture experimentation at institute level and its usefulness in pharmaceutical industries the set objectives shall enable/create

- > A platform to understand cell handling, cell cryopreservation and revival, contamination of cell lines with utmost care.
- > Selection of cell lines during metabolic and therapeutic studies.
- > Learn to correlate theoretical aspects of cytotoxicity screening by in-vitro and its correlation to in-vivo levels.
- > Understanding and development of 2D and 3D cell culture models to study pharmacokinetic profiling studies alternative to animal studies.
- > Virtual demonstration of bioactivity assessment protocols using cell and tissue based models.

**COURSE OUTCOMES**

- > STTP is aimed at providing insights into novel and recent trends in cell and tissues culture based biological activity and toxicity assessment as an alternative to animal experimentation.
- > Pharmacokinetics, metabolic and toxicity testing using chromatographic techniques will be highlighted.
- > Programme will highlight issues on cell culture handling, maintenance and revival, cytotoxicity screening of drugs, industrial issues in relation to cell culture contamination.
- > Faculty will gain technical expertise through virtual demonstration simulating "Hands on training on cell and tissue culture based bioactivity assessment".

# Two Days National Seminar (Online), 2022

## on Cytogenetics, in vitro Culture and Phytochemistry of Plants and Microbes for Sustainable Use

22<sup>nd</sup> and 23<sup>rd</sup> January, 2022

Jointly Organized By

Department of Botany, UGC DRS (SAPII) & DST-FIST  
Siksha-Bhavana, Visva-Bharati, Santiniketan West Bengal-731235

Department Of Botany, Raidighi College (A NAAC Accredited College), 24 Parganas (S), Pin-743383

Registration Link: <https://forms.gle/yhffqz2M2oDhsxes2A>

Last date of Registration: 19<sup>th</sup> January, 2022

### About the Organizers

This seminar is a collective effort by Visva-Bharati, Santiniketan & Raidighi College to provide a forum for advanced learning and brainstorming interactive sessions for learners and academicians.

The Department of Botany at Siksha Bhavana is an integral part of Visva-Bharati which is an institution of national importance and has attained the status of a Central University in 1951 by an act of parliament. The department came into existence, first by starting an undergraduate honours course in 1955 and subsequently postgraduate course was introduced in 1987. The Department of Botany is presently recognized as UGC-DRS-II (2015) and DST-FISTII (2016) department. This Department is continuously contributing in multifarious ways in the field of education and research.

Raidighi College is a NAAC Accredited College affiliated under the University of Calcutta. The Department of Botany of Raidighi College was established in the year 2007 offering only undergraduate course (B.Sc.), initially. In the year 2018 Honours Course was also introduced under the Choice-Based Credit System (CBCS). The Department of Botany of Raidighi College is actively involved in conducting numerous events like seminars, webinars, awareness campaigns, study tours etc. along with academic learning and skill-enhancing activities. The Department is relentlessly striving to infuse comprehensive ability, research aptitude and inquisitiveness amongst the students regarding the subject to enhance their prospects in higher studies and employment.

This two days National Seminar is an effort to bring all concerned researchers on a common platform to share advanced knowledge, concepts, ideas and innovations on the following themes:

### MAJOR THEMES OF THE SEMINAR

1. Chromosomal Research
2. Sustainable in vitro culture and Conservation of Bioresources
3. Phytochemistry and their biological potential
4. Gene – Environment Interaction

### Awards:

- Certificate of awards for two best oral and poster presenters of each session.
- Certificate to all the authors and Co-authors of presented papers and posters with a soft copy of the Abstract Book.
- Certificate of participation to all the registered participants

### Participation and Call for Abstract

All the delegates must register to participate in the seminar in prescribed registration form. The abstract will only be published after the successful submission of registration form. Abstracts should be sent through [email.to.botany.seminar@mail@gmail.com](mailto:email.to.botany.seminar@mail@gmail.com)

### GUIDELINES FOR ABSTRACT SUBMISSION

The abstract for presentation within 300 words on above mentioned areas / themes of the seminar should be sent to the organizing committee on or before 15th January, 2022 via email. Abstract should be submitted in MS word with Times New Roman as font style & 1.5 spacing within the lines.

#### Events:

Keynote lectures, Plenary lectures, Oral and Poster Presentations

### Keynote Speakers:

Prof (Dr.) Dipak Kumar Kar, Vice Chancellor, Sidho Kanho Birsha University, Purulia.

Dr. Gouri Saxena, Department of Botany, University of Lucknow, Lucknow

### Plenary Speakers:

Prof Anita Mukherjee, (Rtd) Professor and Head, Department of Botany, University of Calcutta

Topic: Nanomaterials and plants

Prof. Tapan Kumar Maity, Professor, Department of Pharmaceutical Technology, Jadavpur University, Kolkata

Topic: Potential of Plants' secondary metabolites as life saving drugs

Prof. Tushar Kanti Maity, Professor, Department of Botany, University of Burdwan

Topic: Role of Plant Growth promoting Rhizobacteria in stress Agriculture for Sustainable Development

Prof. Rita Kundu, Professor, Department of Botany, University of Calcutta

Topic: *Phyllanthus amarus*: a potential anticancer herb of India

Prof. Nirmalya Banerjee, (Rtd) Professor, Department of Botany, Visva-Bharati

Topic: Propagation and increased secondary metabolite production of *Solanum elaeagnifolium* through in vitro approach

Guideline for presentation

Presentation Mode: Online (Google Meet). The presentation will be of 5 minutes duration & 2 minutes will be given for interaction.

The maximum poster dimensions should be 36" x 48" or 48" x 36" or A4 size paper. The file size should not exceed 40 MB. It should be clearly visible to the eyes.

### PARTICIPANTS:

Researchers, Scientists, Faculty Members, Scholars, Academicians, Students of Universities, Colleges and Institutions
