About Sanstha

Persons with disabilities face discrimination and barriers that restrict them from participating in society on an equal basis with others every day. They are denied their rights to be included in the general school system, to be employed, to live independently in the community, to move freely, to vote, to participate in sport and cultural activities, to enjoy social protection, to access justice, to choose medical treatment and to enter freely into legal commitments such as buying and selling property.

A disproportionate number of persons with disabilities live in developing countries, often marginalized and in extreme poverty.

The protection guaranteed in other human rights treaties, and grounded in the Universal Declaration of Human Rights, should apply to all. Persons with disabilities have, however, remained largely 'invisible', often sidelined in the rights debate and unable to enjoy the full range of human rights.

In recent years, there has been a revolutionary change in approach, globally, to close the protection gap and ensure that persons with disabilities enjoy the same standards of equality, rights and dignity as everyone else.

The Convention on the Rights of Persons with Disabilities, which was adopted in 2006 and entered into force in 2008, signalled a 'paradigm shift' from traditional charity-oriented, medical-based approaches to disability to one based on human rights.

Former UN High Commissioner for Human Rights, Louise Arbour, said, "The celebration of diversity and the empowerment of the individual are essential human rights messages. The Convention embodies and clearly conveys these messages by envisaging a fully active role in society for person with disabilities."

Event Title	International Women's Day
Organized By	Ashokrao Mane College of Pharmacy, Peth Vadgaon
Date Of Organization	Saturday, 08/3/2021
Funding Agency	Shivaji University Kolhapur
Collaboration/MOU	-
Description	Our college has arranged International Women's Day. This day is a global holiday celebrated annually on March 8 to commemorate the cultural, political, and socioeconomic achievements of women. It is also a focal point in the women's rights movement, bringing attention to issues such as gender equality, reproductive rights, and violence and abuse against women. Spurred on by the universal female suffrage movement that had begun in New Zealand, IWD originated from labor movements in North America and Europe during the early 20th century. The earliest version was purportedly a "Women's Day" organized by the Socialist Party of America in New York City on February 28, 1909. We have arranged a program on Pranayam and Meditation of Art of Living. Resource person was Manasi Ranjekar, Former vice Principal of Abasaheb Garware College of Arts and Science, Pune.
