Introduction:

National Service Scheme (NSS) is an Indian government sponsored program under the department of Youths Affairs and Sports of the Government of India. It was started in 1969 the birth anniversary of Mahatma Gandhi.

Motto:

The motto of the National Service Scheme (NSS) is "Not Me, But You". This expresses the essence of democratic living and upholds the need for selfless services and appreciation of another man's point of view also show consideration for fellow human beings. It underlines the welfare of an individual is ultimately dependent on the welfare of the society as a whole. A therefore it should be the aim of N.S.S to demonstrate this motto in its day-to-day activities.

Aim:

The main aim of National Service Scheme (NSS) is personality development through social services or community services. This Program is to inculcate the social welfare thoughts in the students and to provide service to the society without any prejudice. NSS volunteers work hard day and night to ensure that every one in our society who is needy gets the every possible help from them so that they can also affiance their standards and lead a life of dignity in the society with all of us. In doing so the volunteers themselves learn a lot from the people in villages like how to struggle and how to lead a happy life in the extreme scarcity of resources and so on. Another aim is personality development through social service.

Objectives:

1. Understand the community in which students work.
2. Understand themselves in relation to their community.
3. Identify the needs and problems of the community and involve them in problem solving
4. Develop among them a sense of social and civic responsibility.

7. Gain skill in mobilizing community participation.
8. Acquire leadership qualities and democratic attitudes.
9. Develop capacity to meet emergencies and natural disasters
10. Practice national integration and social harmony.

Symbol:

The symbol for the NSS has been based on the gain Rath Wheel of the world famous Konark Sun temple (The Black Pagoda) situated in Orissa in India. The wheel portrays the cycle of creation, preservation and release and signifies the movement in life across time and space. The symbol thus stands for continuity as well as change and implies the continuous striving of NSS for social change.

Organization:

Most of Government and Government aided institutions both schools and colleges have NSS units composing volunteers. Even the private institutions are encouraged to have NSS volunteers.
