Certificate of Analysis

Ref: BiRD/443/04/2025 Date: 17/04/2025

A) Name of Client	Pratik Kudale
B) Name of College or Organization	AMCP, Peth vadgaon
C) Sample Description	Sample – Marketed Sample – Quercetin Nanogel
D) Sample Form	Solid
E) Activity:	Inhibition of albumin denaturation

METHOD OF TEST:

In vitro anti-inflammatory activity by Protein denaturation method

The reaction mixture (10 mL) consisted of 0.4 mL of egg albumin (from fresh hen's egg), 5.6 mL of phosphate buffered saline (PBS, pH 6.4) and 4 mL of Synthetic compound (1000 µg/ml). Similar volume of double-distilled water served as control. Then the mixtures were incubated at (37°C ± 2) in a incubator for 15 min and then heated at 70°C for 5 min. After cooling, their absorbance was measured at 660 nm by using vehicle as blank. Diclofenac sodium at concentration 1000 µg/ml) was used as reference drug and treated similarly for determination of absorbance. The percentage inhibition of protein denaturation was calculated by using the following formula,

$$\% \text{ inhibition} = \frac{\text{absorbance of control} - \text{absorbance of test}}{\text{absorbance of control}} \times 100$$

Academic Year: 2025-2026

Event Details

Event Title	One-Day Seminar On "Indian Patent System & Grant Procedure in India"
Date Of Organization	23/12/2025
Description	Ashokrao Mane College of Pharmacy, Peth-Vadgaon has successfully conducted the a one-day seminar on "Indian Patent System and Grant Procedure in India" for Final year B pharm & M. Pharm students on 23/12/2025. The Program was conducted in the presence of Principal Dr. A. P. Gadad, Academic Co-ordinator Dr. S. A. Bandgar, Dr. S. B. Sunar (HOD of Pharmaceutical Chemistry Department) Mrs. V. M. Patil (IQAC Coordinator), Mr.R.B. Ghotane, Ms.M.T.Singh & all Faculty members. Program was started with Photo puja and followed by watering of Plant by the auspicious hands of Principal Dr. A. P. Gadad sir. The resource person for the seminar was Mr. Sachin G. Lokapure, Assistant Professor (Pharmaceutical Chemistry), ABCP, Sangli, and Director of SAGLO Research Equipment, Sangli. He delivered an informative and engaging lecture covering key aspects such as the types of patents, criteria for patentability, patent filing process, examination and grant procedure, and common mistakes to avoid during patent filing. Practical examples related to pharmaceutical inventions made the session highly relevant and easy to understand. Approximately 50-60 students actively participated in these session. The program concluded with a vote of thanks by Mes. T. S. Khamkar, expressing gratitude to the speaker, organizing committee, IQAC members, faculty, and students for their valuable support and participation. Overall, the seminar was highly informative, well-organized, and successful in creating awareness about the Indian patent system among pharmacy students.

ent Titel	on "Quality Control Tools in Pharmaceutical Research and Measuring Behavioral Responses in Lab Animals"
ganized	Ashokrao Mane College of Pharmacy, Peth-vadgaon Dist: Kolhapur, in Collaboration with Shri Yashwant Ayurvedic College Post Graduate Training & Research Centre, Kodoli,
& Date	Friday, 25th April, 2025
cription	We Ashokrao Mane College of Pharmacy, Peth-vadgaon organized one-day workshop on "Quality Control Tools in Pharmaceutical Research and Measuring Behavioral Responses in Lab Animals" in Collaboration with Shri Yashwant Ayurvedic College Post Graduate Training & Research Centre, Kodoli, Panhala, Dist : Kolhapur, conducted by PG departments in which all faculty members and PG students participated actively. The workshop aimed to provide Interactive session on laboratory techniques, pharmaceutical science experiments, and proper handling of laboratory animals. The participants included PG students and Faculty members of Yashwant Ayurvedic College Kodoli all of whom were eager to enhance their practical knowledge and skills. In total 90 PG BAMS students had participated. The program commenced with an introduction of each department, presented by the respective Heads of Departments (HODs). At Pharmaceutical Department students were welcomed by Ms. S. S. Suryawanshi madam who provide informative session on the Pharmaceutics Department, where participants were introduced to the department's key areas of focus, including drug formulation, delivery systems, and pharmaceutical technology. Also PG students demonstrated working of instruments such as Sonicator, Sieving machine, dissolution methodology and process as well as about tablet punching and tablet punching machine. Dr. Sanganna.C.Burli, Head of the Pharmacology Department, delivered an introduction to the students about the department, covering the fundamentals of pharmacology and its applications in research. Postgraduate students from the Pharmacology department demonstrated various experimental instruments explaining principle and working to the students, including the Digital Rota-rod apparatus, Eddy's Hot Plate, Digital Plethysmometer, Digital Student's Organ Bath, and Digital Electro-convulsometer. Additionally, some students demonstrated the proper handling techniques in accordance of CCSEA guidelines of laboratory animals, such as mice and rats, while others had the opportunity to gain hands-on experience in animal handling. Along with PG students Head of Department Dr. S. B. Sutar Quality Assurance provided an insightful overview of Quality Assurance vital role in ensuring the safety, efficacy, and consistency of pharmaceutical products. Also demonstrated handling of HPLC, UV spectrometer through practical examples and interactive discussions.
